

NO-SCALPEL VASECTOMY

It's What You've Been Waiting For!

Dr. Jeff Caylor of Coastal Surgery, P.C. now offers the No-Scalpel Vasectomy. More and more people are recognizing the convenience, safety and reliability of this procedure therefore making it the fastest growing and most popular form of permanent contraception. Advancement in technology has made this procedure even simpler.

No-Scalpel Vasectomy (NSV) is faster, has a more speedy recovery time, is safer and virtually pain free in comparison to the conventional vasectomy. This procedure was introduced into North America in 1988. Since that time more than 1,000,000 no-scalpel vasectomies have been performed.

With the No-Scalpel Vasectomy there is no knife, no cutting incision and no stitches. Dr. Caylor performs this procedure in the office with light sedation. The recovery time requires little time away from your normal routine and activities. Patients who have undergone the No-Scalpel Vasectomy state they are amazed at the minimal physical discomfort they experienced during the procedure and during the recovery. Men who previously feared the scalpel and would not consider a vasectomy now feel comfortable, relaxed and confident with the simple procedure of the No-Scalpel Vasectomy.

For more information and to schedule an appointment call 970-1295. At the time of your initial consultation you will be given detailed information and meet with Dr. Caylor in a relaxed, friendly and professional setting. You will be physically examined and after all concerns and questions are addressed a date for your No-Scalpel Vasectomy procedure will be set.

Dr. Caylor is Board Certified in General Surgery and has a true compassion and concern for his patients. He prides himself on staying up to date on the latest technology and continues to advance his education in this area.

He remains very active in the community. Dr. Caylor serves on the board of the American Cancer Society, is involved in Bosom Buddies and Reach to Recovery (which are breast cancer support groups), as well as, the local Rotary Club and his church. He is a member of the American Medical Association, American College of Surgeons, Medical Association of the State of Alabama, Baldwin County Medical Society, and other professional organizations.

“Serving the Surgical Needs of Southern Baldwin County”, continues to be our motto.

For more information or to schedule an appointment please call 970-1295. Our office is open Monday thru Friday 9:00am until 5:00pm.
